## How to apply for research grants in applied health research: 30 years experience of national and international panels

Date: July 11, 2024 (Thu)

Time: 1:00 – 2:00 p.m.

**Speaker: Professor Martin Roland**

**Register to join**

Martin Roland was Professor of General Practice at Manchester University from 1992 to 2009 and Professor of Health Services Research at Cambridge University until 2016. He has chaired the Health Services Research Board and been a member of Council of the UK's Medical Research Council (Hong Kong's RGC equivalent) and chaired a range of panels for the UK National Institute for Health Research (Hong Kong's HMRF equivalent) as well as sitting on a board and reviewing grants for HMRF. His personal grant income exceeds UK£75m (HK\$750m).
